

# GIVE THE GIFT OF GRATITUDE

Our healthcare workers care deeply about their patients long-term health. They are determined to provide the care and services necessary to ensure that each patient is treated appropriately.

The Guardian Angel program offers grateful patients and their families a meaningful way to show their appreciation to a physician, nurse, staff member or volunteer who made a difference during their visit to one of our facilities.

# GUARDIAN ANGEL PROGRAM

*A Special Way to Say  
"Thank You"*

If someone made a difference in the care you or a loved one received at one of our facilities in Gander, New Wes Valley, Notre Dame Bay, Fogo Island, or any of our regional community health clinics, please consider honouring them through our Guardian Angel Program.

Your gift makes possible the resources, services, and life-changing programs that support patients served in the Central Northeast region of the province.

*"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel."  
- Maya Angelou*

## ABOUT THE CNEHF

The Central Northeast Health Foundation was formed in 1989 under the direction of the Gander and District Hospital Board, and since that time over \$9,000,000 has been raised for the purchase of priority medical equipment, programs, and services in our region.

All of the funds raised through the foundation remain in our region and donors have a right to designate funds for their preferred facility, department, service, or piece of medical equipment.

If you donate to the Guardian Angel Program, your "Guardian Angel" will be recognized with a personalized card and angel lapel pin to wear proudly.
